

GRAUGEAR®

Docking Station

for M.2 NVMe / NGFF SSD

www.graugear.de**G-M2DK2-20G**

Package Contents

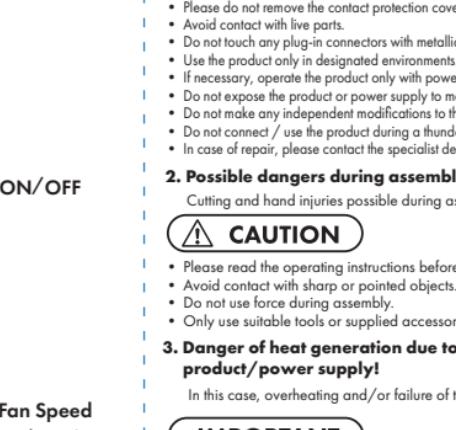

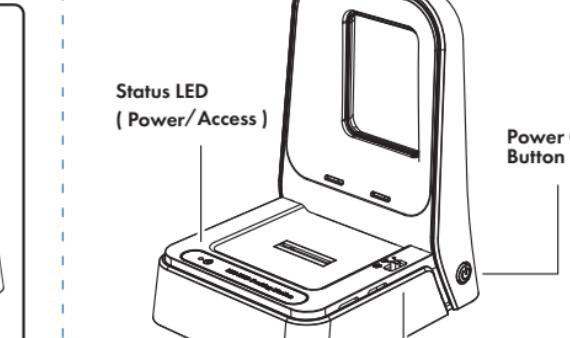

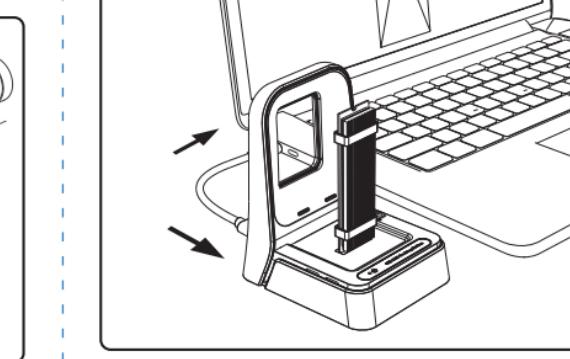

Features

- Supports PCIe x4 data transfer rates up to 20Gbps
- Supports SATA transfer speed up to 6 Gbit/s USB 3.2 Gen1
- Premium aluminum heatsink with super cooling
- Compatible with M.2 SSD size of 2230, 2242, 2260, 2280, 22110
- Supports PCIe NVMe & SATA M.2 SSD of M-Key and M&B-Key
- 30mm fan for active cooling
- LED indicator for power and access
- Supports Windows and MacOS

Specification

- Internal Interface : M.2 M-Key & M+B Key
- External Interface : USB3.2 Gen2x2 Type-C
- Controllers : RTL9220
- Support SSD : M.2 NVMe / NGFF SSD 2230, 2242, 2260, 2280, 22110
- Transfer Speed : NVMe SSD up to 20Gbit/s (Theoretic)
NGFF SSD up to 6Gbit/s (Theoretic)
- Product material : Metal / Plastic
- Cable length : 60cm

M.2 SSD Installation

Safety information

For your own safety and to avoid physical damage as well as damage to property, equipment and loss of data, please observe the following instructions

Warning signs

- DANGER** You will be alerted to an imminently hazardous situation which may result in serious injury or even death!
- WARNING** You will be alerted to a potentially dangerous situation that could result in serious injury, even death!
- CAUTION** You will be alerted to a potentially dangerous situation that may result in minor injury!
- IMPORTANT** Your attention is drawn to a possible situation that could result in property damage and possibly environmental damage and disrupt operations.

1. Dangers due to electric current and voltage!

WARNING

- Avoid any contact with electrically conductive parts, there is a danger to life due to electric shock.
- Please read the operating instructions before use.
- Make sure the product is not energized before opening or working on it.
- Please do not remove the contact protection cover under any circumstances.
- Avoid contact with live parts.
- Do not touch any plug-in connectors with metallic or pointed objects.
- Use the product only in designated environments.

- If necessary, operate the product only with power supplies that correspond to the nameplate.
- Do not expose the product or power supply to moisture and liquid, steam and dust.
- Do not make any independent modifications to the product.
- Do not connect / use the product during a thunderstorm.
- In case of repair, please contact the specialist dealer or GrauGear.

2. Possible dangers during assembly due to sharp-edged components!

CAUTION

- Please read the operating instructions before assembly.
- Avoid contact with sharp or pointed objects.
- Do not use force during assembly.
- Only use suitable tools or supplied accessories and tools.

3. Danger of heat generation due to insufficient ventilation of the product/power supply!

In this case, overheating and/or failure of the product/power supply unit is possible.

IMPORTANT

- The adjacent symbol on the product or packaging indicates that this product must be disposed of with other household waste. If necessary, remove old batteries, rechargeable batteries and lamps before returning the product (possibly with destroying the old device and if it is not to be reused).
- According to the Waste Electrical and Electronic Equipment (WEEE) Directive, you may not dispose of this product and any batteries/rechargeable batteries it may contain in your normal household waste.
- If you wish to dispose of this product/batteries, please take them to a suitable disposal point (recycling collection point in your city) or return them to your point of purchase.

If you have any questions, please do not hesitate to contact our support at support@graugear.de or visit our website www.graugear.de

- Avoid external heat supply and provide air exchange.
- Keep fan outlets and heat sinks free.
- Avoid direct sunlight on the product/power supply.
- Make sure there is enough environmental space for the product/power supply.
- Do not place any objects on the device/power supply.

4. Danger of suffocation! Danger due to small parts and packaging!

Danger to life due to choking and swallowing.

WARNING

- Please be sure to read the instructions for use.
- Keep small parts and accessories safe from children.
- Keep and dispose of plastic bags and packaging from children.
- Never put small parts and packaging into children's hands!

5. Possible data loss / data loss during commissioning.

Irrecoverable data loss possible!

IMPORTANT

- Please be sure to read the operating instruction.
- Use the product only if all specifications and requirements are met.
- Always perform a data backup of storage media to be installed.
- Always perform a data backup before commissioning.
- Always perform a data backup before connecting new hardware.
- Only use the accessories supplied with the product.

6. Cleaning of the product.

Damaging cleaning agent - scratches, color changes, moisture damage, short circuit on the device.

IMPORTANT

- Take the product out of operation before each cleaning.
- Do not use aggressive / harsh cleaners.
- Make sure that there is no residual moisture in the device after cleaning.
- It is best to use an antistatic cloth for cleaning.

7. Disposal of the product - environmental pollution, recycling is possible!

CAUTION

- The adjacent symbol on the product or packaging indicates that this product must be disposed of with other household waste. If necessary, remove old batteries, rechargeable batteries and lamps before returning the product (possibly with destroying the old device and if it is not to be reused).
- According to the Waste Electrical and Electronic Equipment (WEEE) Directive, you may not dispose of this product and any batteries/rechargeable batteries it may contain in your normal household waste.
- If you wish to dispose of this product/batteries, please take them to a suitable disposal point (recycling collection point in your city) or return them to your point of purchase.
